of any patent granted on the above-identified application which would extend beyond the expiration date of the full statutory term including any term extensions or elongations, as shortened by any terminal disclaimer filed prior to the grant of any patent granted on pending second application No. 09/572,388, filed on September 28, 2000. The owner hereby agrees that any patent so granted on the present application shall be enforceable only for and during such period that the legal title to any patent granted on the present application shall be the same as the legal title to any patent granted on the second application. This agreement to run with any patent granted on the present application and to be binding upon the grantee, its successors or assigns.

The owner does not disclaim any terminal part of any patent granted on the present application prior to the expiration date of the full statutory term including any term extensions or elongations, as shortened by any terminal disclaimer filed prior to its grant, if any, of any patent granted on the second application, in the event that any such patent granted on the second application later lapses for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321, has all claims cancelled by a reexamination certificate, is surrendered pursuant to reissue, is reissued, or is otherwise terminated prior to the expiration of its statutory term as
